

HOME AT LAST

ORMOND BRADLEY GIVES HIS FAMILY A GLAD SURPRISE

The happiest family in all Glendale Saturday night was the Bradley's, at 523 Oak street. Mrs. Bradley, alone all week and longing for news of her last returning soldier boy, Ormond, whom she knew to be somewhere in the U. S. A., was surprised by the home coming, to stay over Sunday, of her husband, W. C. Bradley, and youngest son, Howard, both of whom work at El Segundo. After supper W. C. went out for a ride and Howard strolled up town to see some friends. Again the mother was alone, but not for long. Familiar foot-steps were heard rapidly approaching around the house and the mother turned in glad surprise to greet the long-absent soldier boy. Ormond had decided to surprise them, so sent no notice of being taken direct to Camp Kearny for discharge. When free he came home at once, with two gold stripes on his arm. He is feeling fit and fine and when asked if he had enjoyed soldier life he replied most emphatically in the negative, but said if the necessity should arise he would go again.

After the first transports of this unexpected meeting were over, mother and son sat down for a long talk but were soon interrupted by the return of Mr. Bradley and later, of Howard, and then the long-disrupted family gathered in the living room to exchange experiences. Ormond told some of his adventures while with the 316th Supply Train in the St. Mihiel sector and the Argonne, where for days he conveyed truckload after truckload of ammunition to the fighting front and hauled back the wounded. There were bursting shells all around him and he was as much exposed as the fighters themselves, doing his duty as bravely as they did theirs, but with never a chance to go over the top and win undying glory, yet but for him and thousands of other heroes just like him, to bring forward supplies into the very front of that hell of flame, not the bravest soldier could have withstood the beastly Hun. Once a shell burst very close to him, wounding several companions but, though he was knocked hat, he was not hurt. "None of the shells had my name on them," was his way of expressing it. Ormond says that in his opinion every soldier is the better for this opportunity to fight in a just cause.

SURPRISE SHOWER

At the regular meeting and supper of teachers of the Tropic Presbyterian Sunday School, held one evening last week at the church, a pleasant surprise was sprung on Miss Fannie Cullingsworth and Allen Adams, whose wedding is to be celebrated in June. F. C. Richardson paved the way for it by a little speech in which he referred to discussions which had taken place in regard to bestowing prizes on Sunday School scholars and workers, saying he had brought out a few samples and invited the company to follow him into the next room to inspect them. They responded to his call and there found a fine collection of kitchen utensils which were presented to Miss Cullingsworth in the proper way. Mr. Richardson urged the members of the senior class to take a good look as he had heard rumors to the effect that several were thinking of graduating from single blessedness to the higher class of wedded life.

BOARD LUNCHEON

MRS. E. D. YARD ENTERTAINS OFFICERS AND DIRECTORS OF TUESDAY AFTERNOON CLUB

Monday afternoon Mrs. E. D. Yard, retiring First Vice-President of the Tuesday Afternoon Club, entertained the official board of that organization with a rather elaborate luncheon in honor of the retiring president, Mrs. W. W. Ramsay, who is greatly beloved by her fellow members.

It was served out of doors in Mrs. Yard's beautiful rose garden which is in full bloom now. The branches of a huge pepper tree furnished a canopy and screened from the mid-day sun. Cecil Brunner roses were used in carrying out a pink and lavender color scheme which dominated the table appointments, the nut boxes being of lavender. The board is made up of the following officers and directors: Mrs. W. W. Ramsay, president; Mrs. E. D. Yard, first vice-president; Mrs. Freeman Kelley, second vice-president; Mrs. Harry Duffield, recording secretary; Mrs. Andrew Findlay, corresponding secretary; Mrs. John Robert White, treasurer; Mrs. C. E. Norton, Mrs. W. F. Nash, Mrs. E. H. Willisford.

CITY IMPROVEMENTS

The sidewalk, curb and pavement of the East Broadway improvement are in and it is being oiled. The contractor expects to finish inside of a week.

The Glendale-Montrose Railway Company is repairing the crossing at the extreme end of Broadway near the Eagle Rock line, and has arranged with the city to haul on some of the oiled gravel removed from Broadway and roll it and reoil it, and expect to have a really good crossing there. The City of Eagle Rock is repairing that portion of Broadway in Eagle Rock leading to Colorado, are cleaning the parkways and putting the street in nice shape.

The relocation of the Montrose tracks on Wilson avenue is proceeding very well. On that portion of the street from Sycamore Canyon Road east the tracks have been located in the center and the street regraded. In a short time the center 15 feet will receive a coat of oil, which will make a big difference in the general appearance of that avenue.

Relative to the Sycamore Canyon Road improvement, officials say the papers are practically all completed for the rights of way. It has been found necessary to change the grade of a small portion of First street, which is being done. Proceedings are now on the way and in about two weeks the grade ordinance of Sycamore Canyon Road will be ready for a first reading. It will require about six weeks to establish the grade by ordinance after which the improvement proceedings may be started.

HOME TEAM WINS AT TENNIS

Hope is ascendant among the tennis players of Union High. Monday afternoon they met the Covina team in a league game played on Glendale's court and won in a score of 14 to 3 in favor of Glendale. There are six schools in the league and Glendale has played four, winning three games and losing one to South Pasadena in a score which stood 9 to 8 in favor of the rival team. Franklin and Alhambra teams are yet to be played, but the outlook is at least encouraging.

KIRKBY QUITE A SUCCESSFUL FARMER

Henry Kirkby, who has won local fame as a potato raiser, taking very poor soil and by judicious fertilizing and cultivation making it exceedingly productive, sold half his patch at the southwest corner of Colorado St. and Brand for \$80, just as the vine stood. He has four lots in spuds, there each lot 50x150 and considers he made quite a favorable deal. Mr. Kirkby has a fine looking wheat field of the same size at the corner of Lomita and Central avenues, which he will cut next week.

GERMANY WANTS PEACE

CHANCELLOR SCHEIDEMANN SAYS SHE WILL NOT FIGHT, BUT NO HONEST MAN COULD SIGN PEACE TERMS

(Special Service to Glendale Evening News)
Berlin, May 13.—Chancellor Scheidemann, addressing the National Assembly today, declared: "This peace is not acceptable." Cheers greeted the statement. He said that Germany is willing to sign a peace "that will give us a chance to work out what is just," but added: "We will not fight. We want peace. We see with a shudder what brutal militarism leads to from the example set by the Entente." He also declared the peace terms do not meet Wilson's principles, that "the world is shorn of illusion. Wilson's picture as the bringer of peace has faded." He said the terms mean "Germany has ceased to exist abroad," and that "no honest man could sign them."

Basle, May 13.—A Berlin dispatch received here today said Chancellor Scheidemann had told the journalists that the government had ordered peace delegates not to sign the treaty.

N-C 4 STILL AT CHATHAM

FLIGHT FOR AZORES EXPECTED TO START FROM TREPASSEY BAY TOMORROW—WEATHER FAVORABLE

(Special Service to Glendale Evening News)
Thepassey Bay, May 13.—Weather reports indicate that conditions are becoming more favorable for the trans-Atlantic flights. American seaplanes expect to start for the Azores tomorrow. Commander Towers still hopes that the N-C 4, now at Chatham, may join the squadron before leaving, although Chatham dispatches made it appear uncertain whether the plane could start from there before tomorrow. He may delay departure until it arrives.

GOVERNMENT TO EXPORT MEAT

IT FEARS, IF SOLD IN THIS COUNTRY, IT WOULD UPSET AMERICAN MARKETS

(Special Service to Glendale Evening News)
Chicago, May 13.—Experts here declared today that 264,000,000 pounds of meat held by the government would not seriously affect the market if offered for sale. The government announced that, at the request of the big packers, it had been decided to export this meat for fear the market might be upset if sold here. The same experts declare, however, that it would be good policy to sell the meat abroad.

Washington, May 13.—The announcement that the War Department would export its meat surplus caused sharp dissatisfaction in many quarters. Senator Kenyon, of Iowa, declared he would introduce a resolution calling for a Senate investigation.

Members of the National Consumers' League are aroused and have wired many protests to headquarters here.

GERMANY WRITING FIFTH NOTE

TWO HAVE BEEN ANSWERED BY REFERRING DELEGATES TO PROVISIONS IN LEAGUE'S CONSTITUTION

(Special Service to Glendale Evening News)
Paris, May 13.—German delegates are preparing the fifth note to the Allies in regard to peace terms. It is expected that it will be presented to the French foreign office tonight. The first two notes have already been answered. Germany was told that the Allies have the right to enforce conditions as drafted and that they can become a member of the League of Nations by fulfilling the provisions in the league's constitution. The next two notes have been referred to committee experts. What today's note deals with is not known.

It was learned today that German delegates are attempting to arrange for a conference with the Austrian delegation at St. Germain. A courier leaves Versailles tonight carrying a note to the Austrians from German Foreign Minister Brockdorff-Rantzau.

SLIGHT COMPROMISE BY PROGRESSIVES

(Special Service to Glendale Evening News)
Washington, May 13.—Senate Progressives have decided definitely that they will not oppose the appointments of Senators Penrose and Warren to the finance and appropriations committees to the point of endangering the Republican control of Congress. They declared that while they would not vote for Warren and Penrose, at the same time they would not support Democratic candidates against them.

CLUB WOMEN AT SAN DIEGO

(Special Service to Glendale Evening News)
San Diego, May 13.—The annual convention of the State Federation of Women's Clubs convened here today.

RAINBOW BOYS

MEN OF 117TH ENGINEERS TO REACH LOS ANGELES AND PARADE THURSDAY A. M.

Glendale boys of the Rainbow Division, viz., of the 117th Engineers, who have not already reached Glendale are to arrive in Los Angeles Thursday morning and parade at 10 o'clock. Later in the day they will go to Camp Kearny where they will be discharged inside of 48 hours.

The list includes Douglas Balthis, Joe Barnett, Ed Burlingham, Fred Burt, Hugh Freeman, Stanley Gorman, Holman Midcalf and Edwin Sadler, who come from the Rhine and the Army of Occupation. Three other members of the organization, viz., Frank Littell, Howard Rockhold and Sergeant Pollock, were furloughed home after reaching Germany and are now in Glendale.

A twelfth member, Lieut. J. E. Rockhold, father of Howard Rockhold, is still in Southern France engaged in reconstruction work.

Glendale will doubtless send a big delegation to welcome these boys who were so long in the thick of the fray and who rendered such splendid service. (Continued on Page 3)

NEW ELKS

The regular lodge meeting of Glendale Elks Monday evening was large and promises to become still larger, as twelve applications for membership were received and five new members were initiated, the list being: Orrin W. Tarr, William Nash, Jr., J. M. Adair, Thomas J. Irving and Leon J. Robinson. A. P. Ransone was also received by demit.

In recognition of "Mothers' Day," members wore carnations in their buttonholes, red carnations for the living and white ones for those who are sleeping the last sleep. The address of the evening, made by S. Y. Gillin, was on this theme.

Following the lodge session, entertainment and a supper were enjoyed in the Jinks room.

Wednesday night the bowling tournament between the Elks and the Knights of Columbus teams will take place.

TELEPHONE AGITATION

GREATER GLENDALE DEVELOPMENT ASSN. TO HEAR REPORT OF TELEPHONE COMMITTEE

A rousing meeting of the Greater Glendale Development Association will take place in the library rooms of the Intermediate School, at the corner of Kenwood Street and Wilson Avenue, this (Tuesday) evening at 8 o'clock. The committee on anti-telephone tolls will report progress, and also the committee appointed at the last meeting to present to the city trustees the proposition of establishing a municipal telephone system will bring in a report. Delegates who attended the Orange County anti-telephone toll meeting at Santa Ana last Friday evening will tell how the people of Orange County are waging war against the Pacific Telephone Company's manner of doing business. Burbank citizens will send a delegation to the meeting this evening. All telephone users with a stiff backbone and fighting ability are invited to be present at this evening's meeting.

NORTON C. WELLS, Pres. C. D. LUSBY, Chairman.

MURRAY DURHAM WILL STAY IN NORTH FOR A TIME

Murray Durham, son of Mr. and Mrs. J. W. Durham, of 611 West Elk avenue, has been discharged from service at the Presidio, but will not return to Glendale for a time, preferring to seek a job in San Francisco. His mother sent his clothes to him yesterday. Murray passed through Glendale several days ago on his way to San Francisco to be mustered out, and visited for an hour or more with his parents while his train waited in the S. P. station in Los Angeles.

COMMUNITY SING CONTEST

Members of the Community Sing who wish to attend the contest with the Hollywood Chorus, which takes place tonight, and it is hoped that all who have drilled with the chorus will make the trip to Hollywood—are requested to meet at the High School at 7:15, where automobiles and trucks will be in attendance sufficient, it is hoped, for the conveyance of those who have not machines of their own. On account of the contest it is possible no meeting of the chorus will be held Thursday evening; but announcement will be made through the Glendale Evening News.

MASONIC ORPHANS

ENTERTAINED BY GLENDALE COMMANDERY IN HONOR OF MOTHERS' DAY

About one hundred and twenty-five Glendallians, Knights Templar from Commandery No. 53, their wives and families, journeyed to Covina Sunday to spend the day at the Masonic Orphans' Home, arriving there about 11 a. m. It is a delightful place to visit as the grounds are very beautiful and include about 35 acres, a large portion in young orange groves which will eventually yield a considerable income. Grape vineyards are being set and a portion is reserved for field crops. The buildings are new with the most up-to-date equipment and in all respects it is a home of which the Order can be proud. Its boys and girls attend the Covina Schools, but they also receive training in agriculture and domestic science at the Home, where a bungalow is to be erected for the special purpose of domestic science instruction which cannot be given satisfactorily in the institution proper because it is conducted on too large a scale to make it adaptable to the family life for which they wish to prepare pupils.

Each Glendale Knight and his lady carried lunch for their family and the boy and girl guests they expected to entertain and the young people in the school were thus distributed among about twenty-five families. To each pupil also went a box of chocolate candy bearing his or her name stamped on the cover.

Besides these refreshments, entertainers from Glendale provided a brief program after the picnic lunch. Francis J. W. Henry giving imitations of Harry Lauder, which greatly pleased his young hearers, and Mrs. Eustace B. Moore giving the delightful child recitations for which she is famous. In turn the orphans entertained with piano and mandolin music, the boys going through a fancy drill which evoked enthusiastic applause.

After the program was completed members of the Glendale party were shown about the grounds and buildings by their young guests and were informed by the officials that from this time on "Mothers' Day" will be known in the Home as Glendale Commandery Day when a visit of Glendale Masons will be expected.

The Home has also been presented with an Island at Balboa which has been equipped as a camp and there pupils and teachers spend their summer school vacation. About sixty-two children are at present being cared for in charge of two "mothers" and a matron, under direction of a Board of Trustees, one of whom spends a large part of his time there.

Relatives of Corporal Hal Burson are looking for his arrival in Glendale any time. He is now at the Presidio. On his way there he dropped a card at Needles, in which he expressed his satisfaction at once more reaching California. He will visit relatives in the Bay City before coming home.

PRIZED MEMENTOES

M. B. HARTMANN HAS REGISTERED LETTER AND GOVERNMENT RECEIPT HIGHLY VALUED

Mr. M. B. Hartmann received a registered package direct from Washington this morning, containing a pair of binoculars that he promptly sent at the first call of the government for the loan of such articles, to be used during the war by army and navy. In the same mail was a letter reading as follows:

"There is being returned to you by registered mail the article received from you in response to the Navy's call. An engraved certificate evidencing the participation of this article in the war is now being prepared and will be forwarded to you at a subsequent date. It is hoped any evidence of wear or damage will be compensated for by the fact that a great service has been performed and that historic interest has been added to the article returned. Signed, Franklin D. Roosevelt, Assistant Secretary of the Navy."

Mr. Hartmann said he was proud of the fact that he was able to do this little service for his country, and that Uncle Sam could have anything of his at any time it was needed. He proposes to keep the glasses, the registry label and the letter as precious relics during his lifetime and then leave them to his grandchildren as mementoes of this incident in the life of their ancestor. The binoculars have been engraved on them: U. S. Navy O. R. (in monogram) 11732. This was done by the government.

GLENDALE, CALIFORNIA, TUESDAY, MAY 13, 1919

JAPAN AND KOREA

As the facts concerning the true position in Korea slowly filter their way, through a rigorous Japanese censorship, to the outside world, it becomes more and more apparent that Japan is seeking to maintain her hold on the peninsula in a truly Japanese fashion. In spite of all official statements to the contrary, reports from many different quarters are gradually establishing the fact that the Japanese authorities in Korea are putting down the independence movement with a ruthlessness all too reminiscent of the Prussian method in Europe and elsewhere. Indeed, as time goes on, it becomes apparent that the Korean tragedy, for it can be called nothing less today, is remorselessly compelling Japan to reveal herself in her true character.

Now no one with any sense of responsibility would desire to stir up ill-feeling between nations, especially at such a juncture as the present. On the other hand, no one with any sense of responsibility would venture to aid in suppressing the true meaning of such a situation as at present obtains in Korea. That meaning is readily apprehended. As has been more than once pointed out, Germany, up to the outbreak of the war in 1914, to put the date no later, had been Japan's model in practically everything for over thirty years. The Japanese constitution is practically identical with the German constitution, as it existed under the kaiser, while in military matters, in trade, and in political method, Japan took her ideas and ideals from Germany. Hitherto these facts have not been generally apparent, save to those who have taken more than a passing interest in the question. The final results of her system were never generally apparent in Germany until the war forced all the iniquity to the surface. Germany everywhere displayed an order, "good government," prosperity, and contentment which deceived even the elect. And so it is with Japan. It has called for a situation like that which now obtains in Korea to reveal Japan in a true light.

"Japanese imperialism," declared Dr. Lyngman Rhee, secretary to the provisional government of Korea, to a representative of this paper a few days ago, "has, for ten years, attempted to stamp out Korean native civilization and to denationalize the Koreans as a distinct race." And how has Japan done this, or attempted to do it? In much the same way that Germany attempted to do the same kind of thing in Poland, in Schleswig, and in Alsace-Lorraine. With the aid of a spy system based on the German model, Japan has sought to develop every occasion to create dissension among the Koreans themselves. She has carried out a ruthless system of colonization, replacing native Koreans with Japanese coolies, and in every way, as Dr. Rhee expressed it, has sought to make Korea "more Japanese than Japan herself, racially, religiously, and every other way."

As long as the Koreans submitted all apparently went well. The outer world heard little about the situation, and Tokyo could send out, as it did, year by year, a veritable flood of illustrated literature showing the abounding prosperity of Chosen under Japanese rule. The moment, however, the Koreans sought to throw off the yoke, a reign of terror ensued. Unresisting crowds were fired on, and hundreds and thousands killed or wounded; churches were wrecked, private houses entered, and young men and women dragged off to prison and unmercifully flogged. This is only the mildest part of the story. There are many other more shameful details. And it all means, of course, that Japan has not begun to learn the lessons which the war has forced upon the rest of the world. Such methods are no longer possible, and, no matter how apparently powerful the nation that attempts to make use of them, they will, sooner or later, prove that nation's undoing—Christian Science Monitor.

HARDEN HITS STRAIGHT FROM THE SHOULDER

Maximilian Harden, the well-known Socialist editor of Berlin, is the one man in Germany who correctly visualizes the situation in his own land. He tells his readers plainly that Germany is but reaping what she has sown and that the terms imposed by the Allies are no harder than are deserved. They might easily have been even more stringent, he says, and are not as hard as Germany would have imposed if she had won.

IT IS UP TO TELEPHONE USERS

If telephone users do not get justice in the present toll and exchange charge controversy, they have themselves to blame. If telephone patrons stick together and unitedly demand a fair deal, they will get it. There are no "ifs" and "ands" about the result of this fight, if the people do their part. The contest is all one-sided and in favor of the people, providing they have the spirit possessed by the Boston Tea Party in ante-Revolutionary times.

SCHOOL TEACHERS ARE AROUSED

An unheard-of action was the running of a two-page ad in a great Los Angeles daily a day or two ago, by representatives of the school teachers of Los Angeles County, setting forth the reasons for demanding a large increase in wages. They claim that teachers, who must spend years in thorough preparation, are averaging much smaller compensation than janitors. The teachers have the general public behind them in this demand, it is said, and many declare they must seek other employment if not granted sufficient compensation to provide them with the bare necessities of life. Glendale school teachers are deeply concerned in this fight for higher wages.

WORK AND PLAY NECESSARY FOR CHILD DEVELOPMENT

Busy hands and busy minds will keep children out of mischief. Keep a child busy and he will be contented. Idleness on the part of children fosters crime. Whether it be healthful play or useful work makes but little difference; either will keep the mind and the body employed. The child with nothing to do is sure to go wrong, or he is a simp to begin with. Fathers and mothers who are attempting to rear boys and girls without providing a "keep busy" program will make a dismal failure.

The present telephone conditions in Glendale are working an injury of \$1,000 per day to the city. It is only by a united stand of the people that this great wrong may be righted.

THE COLOR BEARER

There came on the field a youth in his teens
Less than two years with the U. S. Marines.
With compressed lips and steel-gray eyes,
The kind of a lad that fights till he dies.
He was known throughout the entire corps.
As the daring young kid from the Pacific shore.
The banner of freedom he held in his hand.
He brought it o'er sea from America's land.
Hearing the signal for the drive of the day,
Quick to respond, they were soon in the fray.
He carried the colors to the thick of the fight,
And when struck down, still held them upright.
A strong hand grasped and raised it on high,
"Deal death to the Hun," was the furious cry.
On a stretcher he was carried back to the rear,
Where he was treated with the tenderest care.
In blank coma for hours he lay,
While his noble young life was ebbing away;
In delirium he was back in his California home,
Where in boyhood days he often would roam.
With a playful collier that ran by his side,
When he mounted the pony and went for a ride.
A smile played over his handsome young face,
This token of pleasure you could easily trace.
Then he awoke by the crash of a shell,
And knew he was yet in war's cursed hell.
"Oh nurse I've had such a beautiful dream,
I was back on the farm by the clear, running stream.
"Mother came near with a cry of great joy,
'Here is my darling; my own dear boy.'
With arms 'round my neck, her sweet lips on my brow,
Their sacred impress, I'm still feeling now.
"Now I am happy, I'm ready to die,"
And a tear stole out of the nurse's dim eye.
"Did the surgeon say I am passing away
No more can I join in war's frenzied fray?"
"Then tell mother for me, I fell on the field,
Just as the foe had begun to yield.
I have given to liberty all she could ask,
I stood by her colors, I have finished my task.
"Now hand me the flag, let me hold it once more,
Before I leave for the unknown shore."
"Give me the flag," he feebly cried,
"I am now far out on the ebbing tide."
The emblem was placed in the hand on his breast,
And there it remained, when they laid him to rest,
In France he lies in a shell-torn field,
With comrades who died their country to shield.

ALIEN SLACKERS BARRED AS CITIZENS

(By United Press)
WASHINGTON, May 13.—Right to become citizens of the United States is being forever denied to about 20,000 neutral aliens, because of their refusal to fight for the United States, Bureau of Naturalization records show.

This represents the number of neutral citizens who took advantage of the provision in the Selective Service Law granting their exemption from military service, if they desired to forfeit forever their rights to become Americans. Spaniards and Mexicans form the largest percentages of these slackers.

Under the law the Bureau of Naturalization is filing petitions in all courts where these neutral aliens have declared their first intentions, asking that the court enter an order forever barring those who preferred to renounce their possibilities for securing citizenship instead of entering the military service of the country. Records of the others who have not taken out their first papers will be kept at the bureau here, and every application for citizenship checked with the slackers list before it is granted.

Personals

Mr. and Mrs. Henry Koepke, of 1122 South Central avenue, have returned from Elsinore Hot Springs.

The Gilmore family of East Garfield Ave. move Thursday to 2942 South Hobart street, Los Angeles.

Mrs. John J. Staden of 324 W. Cerritos has gone to a Los Angeles hospital for an operation on her throat.

H. J. Horn of 611 South Brand boulevard is going around on crutches as the result of an operation on his left foot.

Wesley Bullis, who is confined to his home at 1325 South Central avenue by serious illness, was said to be better this morning.

The next big job ahead of the City Trustees, they say, is the preparation of a budget for the coming year. All departments are preparing estimates.

Mr. and Mrs. C. B. Oren, of Long Beach, were week-end guests of Mrs. Adelaide Imler and Miss Cora Hickman and of Mr. and Mrs. W. A. George.

Glendale's per cent. in the Victory Loan Drive was 130. Los Angeles went barely over, her per cent. being 100.95. Long Beach stretched far ahead with 165 per cent.

Spencer Robinson has been spending a large part of the past week on his ranch, at San Fernando, harvesting a hay crop. He will probably put in a good deal of time there this week.

Mrs. F. A. Budway of 332 West Harvard street has letters from First Private A. J. Budway stating he will be sent from Camp Upton to Camp Dodge for discharge. She is hoping he will be home inside of a week.

This afternoon members of the Tuesday Afternoon Club will entertain the parents of soldiers and sailors in the great war at their regular meeting with a fine program especially arranged for their pleasure.

The Broadway P.-T. A. will meet Thursday afternoon at 3:15. The main event will be the election of officers. A short program will follow. Mrs. Gibbons will sing and Mrs. Burr will give a paper on Reading Circles.

Mr. and Mrs. Frank C. Ayars of 214 West Chestnut street are going to Balboa Beach for a week's outing where they will enjoy boating and fishing and surf bathing. Mrs. Ayars says they like it best of any of the beaches. They go by auto.

Mr. and Mrs. E. U. Emery, their daughter Waunita and Mr. Rehder, the law partner of their son, left Sunday by auto for Berkeley to meet Sergeant Owen Emery. They are planning to bring Sergeant Smith and his mother back with them and to spend a day or two with friends in the Bay City, getting back here the last of the week.

Charles Gamer and Mrs. Emma Gamer, of Butte, Mont., spent Thursday with their friends, Dr. and Mrs. Colin Cable, of Vine street. They came to California every winter but this is the first time they have come so late in the season or that they have brought their auto. They are enjoying the sight-seeing immensely and will be the guests of Dr. and Mrs. Cable at dinner some day this week.

Howard Little, of Oakland, who has spent a year in France as a soldier, with his wife visited Rev. and Mrs. C. R. Norton on Saturday. Mrs. Little was baptized by Mr. Norton when a little girl of five years and remembered him. On Sunday the Nortons entertained Will Wood and wife of Pasadena. Mr. Norton performed the marriage ceremony for them thirty-six years ago in Iowa. They have been residents of Pasadena for about ten years.

REUNION OF OLD FRIENDS

Saturday evening a "bunch of young people," who had been in the habit of getting together socially in pre-war days, had a reunion at the home of Miss Dorothy Lee at 345 North Belmont street. It was quite informal and they had a very jolly evening of games, music and visiting. The house was beautifully decorated with roses, and refreshments were served at the close of the evening, the young hostess being assisted by her mother, Mrs. Ed M. Lee. Those present were: Dr. and Mrs. C. R. Lusby, Mr. and Mrs. Harold Salisbury, Lieut. and Mrs. H. W. Webb, Mr. and Mrs. Frank Parsons, Miss Maude Salisbury, Miss Alice McCoy, Miss Elda Eggert, Miss Bess Moore, Mrs. Steele, Mrs. Lloyd Wilson of Hanford, William Bode and Dana Burkett.

Others invited who were unable to be present were: Mr. and Mrs. Howard Lennox and Mrs. Cecil Forbes of Van Nuys, Mr. and Mrs. Paul Butterfield of Perris, Dr. Ralph Lusby and Miss Walling of San Fernando, Lieut. H. W. Wirt, who, like Lieut. Webb, is of San Diego, Jim Henry Ilse and Mr. and Mrs. Jack Ensley of Glendale.

MASONIC NOTICE

P. E. O. DELEGATES RETURN

Mrs. H. E. Bartlett and Mrs. Lida Border have returned from attendance on the P. E. O. Convention at Palo Alto as representatives of Chapter L., this city. Mrs. Bartlett reports that she thoroughly enjoyed the trip, the first real vacation she has had in two years. All the meetings were held on the campus of Stanford University, which is very beautiful, so the setting was perfect. The convention sessions were held in the Stanford Woman's Club House, except the special memorial session which took place in the Memorial Chapel at Stanford, which, she says, is beautiful beyond description. Some of the delegates were entertained on the campus, others in Palo Alto proper. There was an excellent attendance and all had a delightful time as they were royally entertained by the four chapters which acted as hostesses and which gave them, among other treats, a sixty-mile auto trip through the beautiful Santa Clara Valley. Mrs. Bartlett and Mrs. Border came to Santa Barbara Friday evening where they visited friends and relatives for a few days, and Mr. Bartlett drove to Santa Barbara to meet his wife and they returned together Monday night.

POSTMASTER GENERAL BOOTH DISSENTS

May 13, 1919.

Editor of Glendale News:—

Dear Sir:—On account of my bill for the telephone being one dollar more than previously without any notice being given me, I returned it to the phone company for correction, but they mailed it back "corrected bill," but the amount was the same, viz., the increased charge, so I saw where it said the Postmaster General had authorized the Telephone Company to make the increased charge, so I mailed it direct to Washington for explanation. If I do not get a satisfactory answer to my letter I shall write our President to appoint me Postmaster General.

If the next Presidential election goes in his favor, I shall promise to try and pass a civil service examination so as to fit myself for the position of postmaster. Then I can instruct the mail carriers how to conduct their work and raise or lower the charges of phones and other utilities and perhaps finish building the Federal building in Glendale that was going to be built several years ago.

Yours truly,

F. BOOTH,
318 E. Broadway,
Glendale.

LIVE STOCK BY MAIL

(By United Press)

SAN FRANCISCO, May 13.—Everything but the Ark! The modern Noah is none other than our old friend the postman. The mail car is liable to become a zoo.

Orders issued some time ago by Postmaster Charles Fay, and which many are beginning to avail themselves of, are to the effect that live animals such as do not require food and water in transit will be permitted to be mailed. The order includes "harmless live animals having no offensive odor and not likely to become offensive in transit" and "live fowls and live domestic animals which will reach their destination in forty-eight hours after being mailed."

Up to the time of the issuance of this ruling, the queen bee was the only animal that the postage stamp could countenance. Now, goldfish, chameleons, barnyard variety chickens and Fidos may do their traveling under the chaperonage of Uncle Sam. A stamp placed on the back of a turtle, lobster or crab will get him where he's going providing he doesn't pinch.

There is no insurance on this class of mail. If a mailed lobster dies en route he severs his connections with the mail car.

vice. The community is proud of their record and delighted to receive them back again.

There were twenty-seven units in this division (the 42nd) of which California furnished Companies D, E and F of the 117th Engineers.

Holman Midcalf, who was in Company D, has been transferred to Company F, so he can be discharged with the Southern California men.

Other units were drawn from the various states as follows: Headquarters Cavalry, Louisiana; 165th Infantry, New York; 166th Infantry, Ohio; 167th Infantry, Alabama; 168th Infantry, Iowa; 149th Field Artillery, Illinois; 151st Field Artillery, Minnesota; 165th Field Artillery, District of Columbia; 149th Machine Gun Battalion, Pennsylvania; 150th Machine Gun Battalion, Wisconsin; 151st Machine Gun Battalion, Georgia; 166th Field Hospital Corps, Nebraska; 167th Field Hospital Corps, Oregon; 168th Field Hosp. Chapter L. of the P. E. O. will meet at the home of Mrs. Charles Temple, 145 North Orange street, for an all-day meeting beginning at 10:30 a. m., Wednesday.

TIGERS AND CUBS

The game at Intermediate this noon was between Tigers and Cubs. Harold Thompson pitched for the Cubs, Gordon Richardson for the Tigers. In the third inning the score was tied 5 to 5. At the end of the fourth and last inning the score was 8 to 5 in favor of Tigers.

THAT OTHER ARMY

Contemplating that vast army of animals who suffered in this last war, R. L. Burgess, editor of the News, San Jose, says: "Let men carve themselves and mutilate the human race if they please, but why should they drag these poor horses and mules into the red maelstrom with them?"

"It is easy to argue that animals do not suffer so much as sensitive humans imagine they do. But we maintain that one of the noblest luxuries a human being can permit himself is the luxury of attributing human capacity for pleasure and pain to the 'lower animals.'"

Five hundred lions destroyed in Rome in the Arena in five days 2000 years ago! Such a show as that, if the law would permit it, would still draw in our day probably as big a crowd as it did in Rome.

Life contained a clever picture the other day: A valiant woman had rushed into the street to protest against a driver's abuse of his horse, declaring the poor animal to be half dead. The driver replied: "He's not as dead as that bird on your bonnet!"

DEPEW CELEBRATES 85TH BIRTHDAY

Chauncey M. Depew was tendered a banquet at New York City last Saturday evening in honor of his 85th birthday. In responding to the after-dinner speeches, Mr. Depew said:

"The psalmist many centuries ago gave a prediction which has killed more pious people than anything that was ever printed. He said that three score and ten was the limit of life, and that if one is spared longer the succeeding years are all misery and sorrow. Certainly that has not been true to me. The most beautiful, the most happy, and the most contented years of my life, long as it has been, have been since I passed the three score and ten mark."

"In politics during that period I have been twice United States senator. I have made more speeches, attended more conventions, participated more in the affairs of the world than ever before, and, having ripened and become more sensible and more optimistic, have seen the world with a clearer vision and a more hopeful future."

A DOG HERO

Such was "Judge T." He was a Great Dane. The Sunday Ledger says of him:—

At the construction of a bridge over the Meuse the engineers picked Judge to take a rope in his teeth and swim to the other side in the face of enemy sniping.

Judge caught the idea at once and paddled his way across. The raking fire couldn't keep him from swimming back on a second trip, but on the third trip a sniper found the white mark on his forehead. There was a shot, and Judge's labors for America were over.

A party of doughboys at the risk of their lives recovered the body and buried it near the spot.

DOG SANITARIUM HAS OPENING

DR. T. H. AGNEW'S SMALL ANI-
MAL SANITARIUM, LAMANDA
PARK, CALIF.

The formal opening of Dr. T. H.
Agnew's Small Animal Sanitarium in
Lamanda Park, said to be the finest
institution of its kind in the country,
held on Saturday, was very largely
attended.

The sanitarium, recently completed
at a great cost, is in a beautiful build-
ing on North Daisy Street. The in-
terior is as well equipped as a mod-
ern sanitarium for human beings.
Operating tables, bathtubs, movable
indoor inclosures, a contagious ward;
also individual boarding quarters, un-
usually constructed, entirely inclosed
with fly screening, shaded by large
live oak trees, are among the fea-
tures of the establishment.

* The public is cordially invited to
visit and inspect the Sanitarium at
any time. 214t1*

V. P. MARSHALL BACKS MEMORIAL TREE CAMPAIGN

WASHINGTON, May 13.—In a let-
ter to the Home County Folks, back
in Indiana, Thomas P. Marshall, vice-
president of the United States, pre-
sides their planting of a memorial
tree in honor of the boys who went
to war from Collamer. The report
of the tree planting was made to the
American Forestry Association,
which is registering all memorial
trees in a national honor roll. The
association informed the vice-presi-
dent who was so proud of the home
folks, Collamer being in his home
county, that he wrote the following
letter:

My Dear Mr. Galbreath:
The idea appeals to me far more
than storied urn or animated bust.
It embodies a living thing, representa-
tive of a vital sentiment of the
American people and I hope it is go-
ing to be universally popular in
America. When the trees shall grow
large enough a fitting plate can be at-
tached to each one of them bearing
the names of the soldiers.

Of course it rejoices me to know
that citizens of my county, under
your leadership, have been among
the first to take advantage of this
idealistic and patriotic movement.

May Heaven send sunshine and
showers upon these trees, so that
they may live to a distant age—vital
reminders to the youth of every gen-
eration of what America has done
and great incentives to the doing of
the fine things for which the Repub-
lic has been so remarkably conspicu-
ous.

With sincere congratulations, I am
Yours very truly,
(Signed)

THOMAS P. MARSHALL.

"LET BENTLEY BUILD IT"

REALIZE YOUR FONDEST DREAMS OWN THIS HOME

It would be hard, indeed, for you to conceive of a plan that
would be an improvement over this beautiful Colonial bungalow
design. From the exterior to the smallest detail of interior arrange-
ment, it is most pleasing and convenient, and represents the efforts
of careful planning. We have procured the actual photograph of
both exterior and floor plan—it's at our office for your inspection.

Our estimating department has given us a very close figure for
this home, built complete for \$2,950.00, which includes everything
ready to occupy. Considering the number and size of rooms and
pretentiousness of design, you will agree that this home—Bentley-
Built—is a sure enough bargain.

SHORT WEIGHT FERTILIZER BRINGS FINE

County Sealer Fuller says that fer-
tilizer frauds are costing the ranchers
and orange growers thousands of dol-
lars annually and informs them how
to protect themselves.

Inspectors of the County Depart-
ment of Weights and Measures ar-
rested Jose Leon of Arcadia and took
him into Judge Pollock's Court,
where he was fined \$25.00 on Tues-
day of this week. He was found guilty
of giving short weight and adding
dirt to the fertilizer so as to increase
the bulk of the load.

County Sealer Fuller says that the
ranchers and orange growers are de-
frauded to the extent of thousands
of dollars annually by sharp practices
on the part of certain unscrupulous
persons handling fertilizer. This is
commonly done by adding dirt or wa-
ter to the fertilizer to increase the
weight. Another method which has
been detected is to obtain a weight
certificate on the load and then drive
by a dumping ground and throw off
five or six hundred pounds before
making delivery.

The ranchers can aid in protecting
themselves and help put a stop to
these practices by reporting all sus-
picious circumstances to the Los An-
geles County Department of Weights
and Measures.

SEIZED DOPE TO RED CROSS

(By United Press)

WASHINGTON, May 13.—Seventy-
five thousand dollars worth of con-
fiscated narcotics were given to the
Red Cross by the Bureau of Internal
Revenue last year. Sixty thousand
dollars worth was taken from a
"dope" smuggler who was trying to
bring "the stuff" across the Canadian
border.

Twenty thousand dollars worth of
morphine, heroin and cocaine, gath-
ered from illicit dealers is now stored
in the bureau's laboratory here.

Analysis of narcotic preparations
must be made with exceptional care,
as violations of the narcotic laws are
followed by prosecutions, and, as the
outcome of the cases frequently de-
pend on the testimony of chemists,
this class of work is the most exact-
ing of all the laboratory's activities.

JACK JOHNSON NOT WANTED BY MEXICO

(By United Press)

MEXICO CITY, Mexico, May 13.—
Jack Johnson, ex-champion pugilist,
who came to Mexico about a month
ago to stage a series of "boxing
matches" is meeting with a cool re-
ception here.

Johnson's first rebuff was when a
delegation of guests at the best hotel
in the city, where he put up, inform-
ed the management that his presence
was objectionable. He left.

The second, when city officials po-
litely but definitely informed him his

exhibitions were "scandalous, im-
moral and degrading in the highest
degree to public morals, and would
under no circumstances be per-
mitted."

Drug stores and restaurants, where
the black pugilist and his white wife
sought refreshments, have refused to
serve him and to cap the climax,
Johnson's frequent controversies
with men from New Orleans, have re-
sulted in many invitations to fight—
with Colts. Johnson's presence here
is distasteful to the city officials as
well as the populace.
